

Treeture® Learn 'n Play Activities

MAKE A MODEL TREE

Note: Color the pieces with your crayons before cutting out.

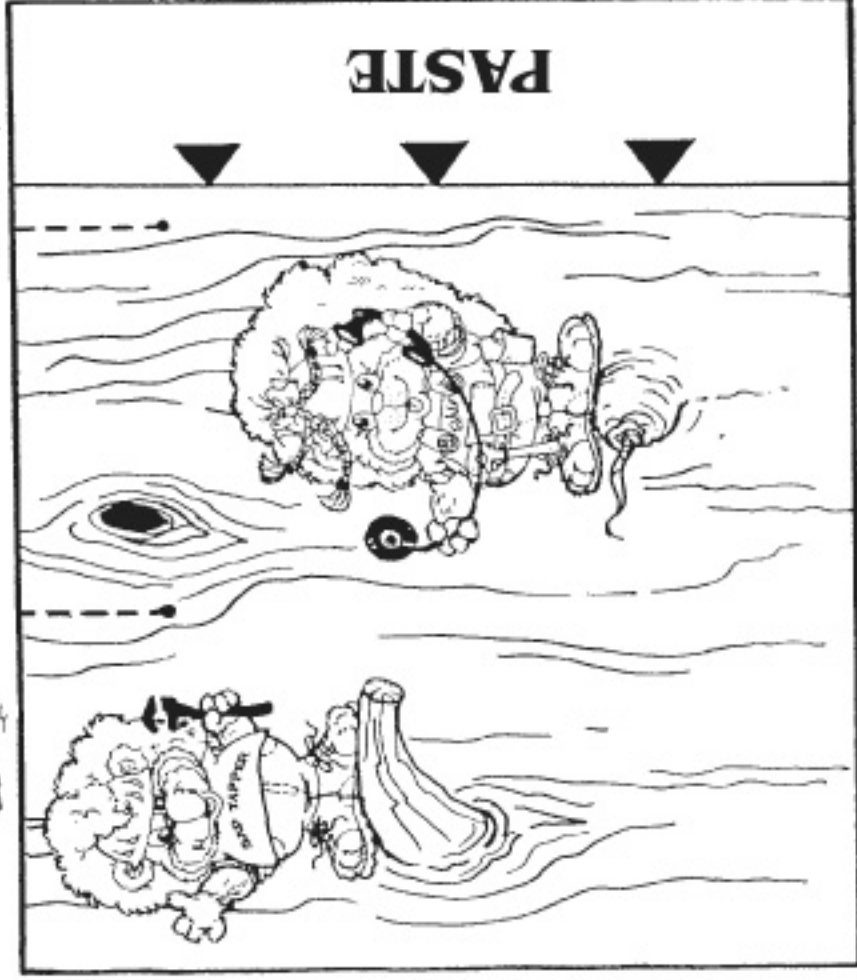

CUT SLOTS

1. Cut out the TRUNK section along the outline. Form it into a cylinder shape as shown and paste together where marked. Cut along black lines.

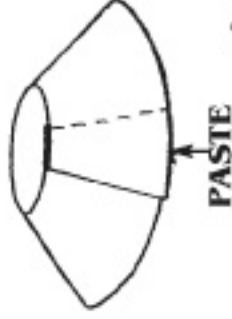

PASTE

TRUNK

ROOTS

2. Cut out the ROOTS section. Form it into a half-cone shape as shown and paste together where marked.

**FOLD
CUT SLOTS**

3. Cut out the CROWN along the outline. Fold it in half as shown. Cut along the two black lines.

**NOTCH
SLOTS**

4. Connect the CROWN to the TRUNK by notching the slots together as shown.

5. To complete your model tree, place the TRUNK into the ROOTS section as shown.
